## Do you need---

### Live-Roller Zero-Pressure Accumulation

## 190-ABEZ

Hytrol's 190-ABEZ is a horizontal, live-roller conveyor designed for applications that require accumulation of products without a build-up of line pressure.

### Horizontal Belt Gapping

## GAPPER

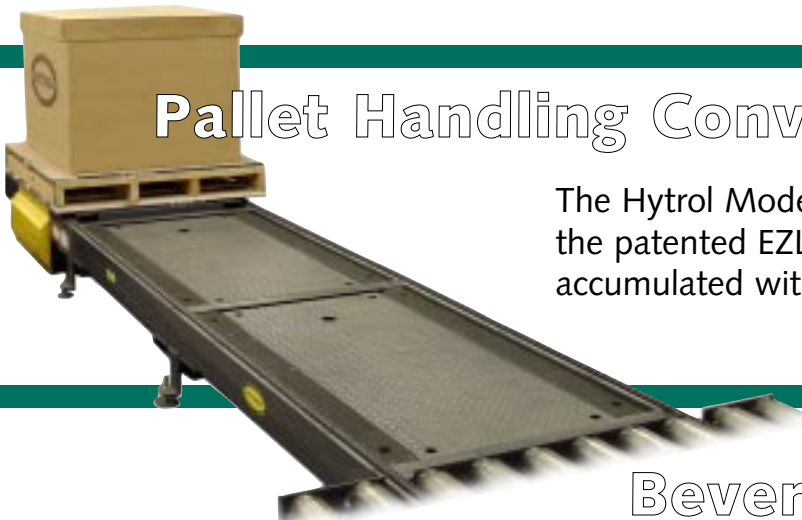

The Model Gapper is designed for feeding sawtooth merges, combiners, sorters or other equipment where gaps must be pulled between cartons.

### Pallet Handling Conveyor

## DCEZ-60

The Hytrol Model DCEZ-60 is designed to handle pallets. With the patented EZLogic™ accumulation module, pallets can be accumulated with zero back pressure.

### Beverage Case Conveyor

## CCEZ

The Model CCEZ is a horizontal plastic belt conveyor designed for accumulating 12 & 24 packs of canned beverages where high speeds and large through-puts are required.

FOR MORE INFORMATION ON ANY OF THESE HYTROL MODELS,  
CONTACT YOUR LOCAL HYTROL DISTRIBUTOR.

# FREE!

## Product Testing

Hytrol Conveyor Company offers free product testing on our conveyors. Are you unsure about your product's conveyability? Let us test and video your product moving on a Hytrol conveyor line. We can videotape it on a variety of conveyors, both roller and belt. We can also test it with push-offs, sorters, and other accessories. Best of all, there is no charge for this service!

Please contact your local distributor to discuss the details and your application.

## Need a part for an older Hytrol Model?

Many Customers have found that Hytrol can still supply parts and service for conveyor units and accessories even though they haven't been manufactured in years. Hytrol maintains a database and keeps records as far back as thirty years. That makes it easy for a customer to obtain a replacement part on a discontinued Hytrol product. If you need a replacement belt, gear, roller, sheave, etc., call your Hytrol distributor. We'll find that part and have it shipped directly to you.

# Exploring hytrol.com

## • Where to Buy

It's easy to find your nearest Hytrol Distributor. On Hytrol's main page of the hytrol.com website, just look down to the "Where to Buy" line and click there...You'll be taken to a page showing a map of the United States. Click on your state. (If you are in another country, just find your country's flag and click on it.)

Let's say, for example, your company is in Utah. Click on that state. Another page opens showing Utah. Now, click on the first three numbers of your Zip Code. A page will open showing your local Hytrol distributor.

In this case, it's Hoj Engineering & Sales in Salt Lake City. To go directly to their website, just click on "Go Directly to Online Conveyor Store." We make it easy to shop for Hytrol products on line!

The collage consists of several overlapping screenshots of the Hytrol website. The top screenshot shows the homepage with a navigation menu on the left and various content sections. A red circle highlights the "Where to Buy" link in the "CONTACT INFORMATION" section. The middle screenshot shows the "Search by State Selection" page with a map of the United States. The state of Utah is circled in red. Below the map are international options for Argentina, Brazil, Colombia, and Malaysia. The bottom-left screenshot shows the Utah-specific page with a "Select a Utah Zip Code Region" section. The zip code "840-842" is circled in red. The bottom-right screenshot shows the final distributor page for Hoj Engineering & Sales Co., Inc. in Salt Lake City, with the company name and contact information circled in red.
